

EXPERIENCE THE RED CIRCLE

Cultural Development Corporation's membership program, the Red Circle, is a creative network that brings together artists and arts organizations while supporting their development and deepening their level of experience. Whether you are an established theatre company seeking an affordable venue, a young arts nonprofit ready to grow your business or an emerging visual artist, Red Circle membership offers unique advantages for learning and growth.

Red Circle members gain access to Flashpoint, our downtown arts incubator, which offers affordable venues, business and management resources and an exciting array of arts happenings seven days a week.

Join the Red Circle and become a part of DC's growing arts industry!
